

MUSTAPHA ADAMU

Full-Stack Developer | Cloud & DevOps | Web Educator

09067735805 | mustaphaadamu6773@gmail.com | mustey-portfolio.vercel.app | github.com/MusteyDigital

PROFESSIONAL SUMMARY

Motivated and results-driven Full-Stack Developer with hands-on experience building, deploying, and managing web applications end-to-end. Founder of Mustey Digital Academy — a live production platform built with Laravel and Tailwind CSS, containerized with Docker, and hosted on Akamai Cloud. Skilled across full-stack web development (Laravel, React, Next.js) and Python-based data tools (FastAPI, Pandas, NumPy, Scikit-learn) for analytics and forecasting. Experienced in backend development, cloud infrastructure, RESTful APIs, and digital education. Passionate about building scalable systems and delivering real-world impact through technology.

TECHNICAL SKILLS

Backend	PHP, Laravel Framework, RESTful APIs, Authentication & Authorization, CRUD Operations
Frontend	React, Next.js, HTML5, CSS3, JavaScript, TypeScript, Tailwind CSS, Bootstrap
Data & Python	Python, FastAPI, Pandas, NumPy, Scikit-learn, Data Analysis & Forecasting
Database	MySQL, Database Design, Query Optimization
DevOps & Cloud	Docker, Akamai Cloud (Linode), Linux Server Management, Deployment & Configuration
Tools	Git & GitHub, VS Code, XAMPP, Docker, OBS Studio, Canva, Microsoft Office

WORK EXPERIENCE

Founder & Lead Instructor — Mustey Digital Academy

2023 – Present

- Built and launched a full-featured online educational platform using PHP, Laravel, and Tailwind CSS.
- Containerized the entire application using Docker for consistent development and production environments.
- Deployed and managed the live platform on Akamai Cloud (Linode), handling server setup, configuration, and maintenance.
- Designed course dashboards, assessments, progress tracking, student management, and learning resources.
- Mentored and trained 100+ students in web development, data analysis, and digital literacy.

NYSC CDS Trainer — Digital Literacy for All

June 2025 – May 2026

- Conducted digital literacy training for students and underserved communities across Kebbi State.
- Developed full training kits: workbooks, presentations, certificates, and attendance systems.
- Equipped 50+ participants with practical computer, internet, and productivity skills.

KEY PROJECTS

Mustey Digital Academy Platform — Laravel + Docker + Akamai

2025

- Designed, developed, and deployed a production-grade LMS serving active learners.
- Set up Docker containers for the application, database, and web server for clean deployment.
- Hosted and managed the application on Akamai Cloud with custom domain, SSL, and uptime monitoring.
- Integrated digital courses, student enrollment, content management, and learning resources.

- Sales Analytics Dashboard — React + FastAPI + Python**

2026
- Built a full-stack analytics dashboard with CSV upload, real-time data visualization, and AI-powered sales forecasting.
 - Developed a Python backend (FastAPI) using Pandas, NumPy, and Scikit-learn for automated summary statistics and trend forecasting.
 - Designed a React frontend with interactive charts, stat cards, and dynamic data tables.

- Digital Literacy Training Resources — NYSC CDS Project**

2026
- Created complete training materials used across multiple community training sessions.

EDUCATION

B.Sc. Computer Science — Yobe State University, Damaturu

2024

NCE — Computer Science / Mathematics Education — Federal College of Education (Technical), Potiskum

2018

CERTIFICATIONS & TRAINING

- Data Analysis & Visualization Training — Coursera
- Web Development Training — Alison
- Digital Literacy Awareness Training — NITDA / Cisco Networking Academy
- Digital Literacy For All — Mind the Gap / NITDA
- Ethical Hacker — NITDA / Cisco Networking Academy

CORE STRENGTHS

Problem Solving • Cloud Deployment • Team Collaboration • Fast Learner • Communication • Teaching & Mentorship
